Tutorials from
Lynda.com

Great learning resource
that offers 3,500 video
tutorials by experts.
Topics range from 3D
modeling to computer
programming.

ViewSonic

A man with glasses and a beard is sitting at a desk, gesturing with his hands while speaking to a group of children. He is positioned next to a 3D printer that is printing a yellow object. A computer monitor is on the desk in front of him. On the wall behind him is a chalkboard with workshop information. To the right, there is a large screen displaying the Lynda.com logo and some text about their tutorials. A skull model and some test tubes are also visible on the desk.
